## NEERS OF WASATCH COUNTY

Robert Montgomery was the seventh child of Robert Montgomery and Mary Rog. He was born Jan. 7, 1825 in Churchtown, Ireland. He entered the British army in 1845 but at the age of 22, Robert Montgomery married Mary Rog in Scotland.

Robert Montgomery and Mary joined the Mormon church in 1846 and was called to reside over the Alshire district. Robert worked in the mines since this work was proving very detrimental to his health. He decided to emigrate to Utah, which he did in 1848. In Wasatch County he went at once to plan for the coming of his family.

Robert worked as a pioneer in the old tithing house. He made the desk that was used in the old tithing house. Besides his cabin, a large amount of grain, a few potatoes, several sheep skins (to make a coat) and a cow.

His family were reunited on September 23, 1850.
